

**Total Visual Area:**  
**1200 (w) x 2000 (h) mm**

**Total Graphic Area:**  
**1200 (w) x 2150 (h) mm**

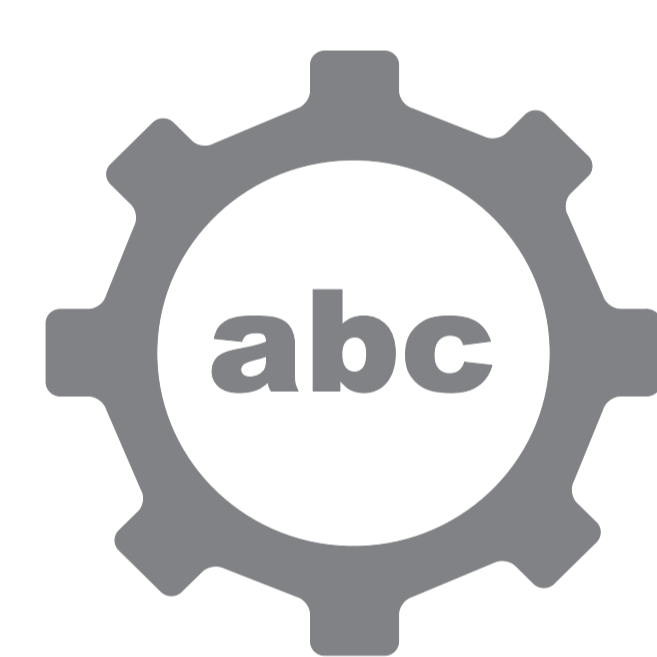

**Including 150mm at bottom**  
**(non-visible image area in roll mechanism).**

**Please check your artwork's image quality by viewing your document at 100%, if the images look pixelated, this is how they will appear on the printed banner.**

**Ensure all images / Photographs / Logos use CMYK and are 300dpi**

**Check all spelling and grammar. Then, convert All text to OUTLINES**

*How to do this?*

Select all  
Go to **Type** in the menu at the top of the screen.  
Then, Click **Create Outlines**.

**Export your Artwork as a PDF. Use the [High Quality Print] setting:**

- ✓ Ensure the **Crop Marks** box is ticked
- ✓ Ensure to add **3mm bleed**.

**Safe Area**

Keep all your information inside the dashed lines.

**Remember to delete or hide this layer**

**Artwork in this area will NOT be visible. This will roll into the base unit.**
